## **Abstract**

6

7

This is a live demo to demonstrate how to write a paper in LaTeX. It is part of

8

the series of YouTube shorts that the ASN Graduate Council is making.

9

**Keywords:** free software, ASN, YouTube

## 10 Introduction

11 “Free Software” means software that respects users’ freedom and community. Roughly,  
12 it means that the users have the freedom to run, copy, study, and improve the software.  
13 Thus, free software is a matter of liberty, not price. To understand the concept, please  
14 watch the series of YouTube shorts that the ASN graduate council is making.
